DPD 2436-62

11 April 1962

MEMORANDUM FOR : Acting Chief, Development Projects Division
SUBJECT : Inventory of DPD Real Estate Assets

25X1A

25X1A

1. In accordance with a telephone call from [REDACTED] 10 April, I have put [REDACTED] on suspense for the completion of a paper to go to General Carter through you and Dr. Scoville, detailing all real property assets including buildings under the control of DPD as it was under the DD/P structure. Apparently General Carter asked for these figures from us, since in the paper on this general subject he has received from Colonel White covering the rest of the Agency's real property assets, there was a notation to the effect that DPD would submit a detailed breakdown of its assets separately. Colonel White's paper included simply a gross dollar figure for DPD, supplied by [REDACTED] but without the necessary detail which we withheld on grounds of security.

25X1A

2. I have asked Don to write this paper, referencing Colonel White's document, the number of which he will obtain from [REDACTED] General Carter also asked that our report be as devoid of cryptonyms as possible. I did not give [REDACTED] an actual date for this, but think the paper should be ready for your signature certainly by the end of the week, since I understand the facts are all in [REDACTED] hands
